BETAR AUSTRALIA

ברית הנוער העברי ע"ש יוסף תרוממפלדור

Shalom,

Senior seminar is an exciting experience and this year we are lucky enough to have it scheduled during the school holidays for all states.

The ever changing nature of the Zionist world makes it vital for all Jews to be aware of the situations around them, whether it is the Arab-Israeli Peace efforts, Anti-Semitism, Social Justice and International Aid, Israeli society and life within the Diaspora. Betar aims to provide chanichim with the chance to develop their Jewish identity whilst gaining knowledge in all aspects of Jewish life.

Senior Seminar is a chance for our senior members to meet up with friends from all over Australia while additionally allowing us a chance to take a more intense look into our Judaism and Zionist beliefs as well as looking into the history and context behind current events and situations.

On this seminar each year level will be concentrating on a specific area of interest. Year 10s begin leadership training, year 11s focus on increasing their education levels, year 12s begin their Shnat journey and Mitkadmim begin their advanced leadership and education training.

This is going to be an incredible seminar. Can't wait to see you all there!
